

CAMPUS SAFETY

Tip Of The Week

If a roommate, friend, partner, or other individual seems very ill, intoxicated or drugged:

- * get help immediately (**BUPD x4168**)
- * don't worry about them "getting in trouble"
- * stay CALM and don't leave them alone
- * DO NOT try to transport individuals to the hospital yourself or try to move them on your own. Get help!
- * don't hamper the efforts of medical or emergency personnel.
- * Avoid direct contact with blood & other bodily fluids.
- * Try to keep the individual conscious and alert by engaging them in discussion about what they were doing before you found them.

When Contacting Emergency Help:

- Remain calm.
- clearly state your location.
- Stay on the line until told to hang up

While you wait for help:

Ask the individual:

- Are you okay?
- Do you know where you are?
