

STUDY TIPS

Pre-Read

Preview the chapters, looking closely at the headings, tables, and other important areas the chapter focuses on. Check out the summary sections if it has one.

Highlight

Don't over highlight! Only highlight what is important!

Outline

Outline the chapter as you read through it! This will help you remember what you read later!

Take Breaks

If you find yourself falling asleep or if your mind begins to wander as you read, STOP and take a break!
